It has occurred to me that Lidya is applying to your institution to further her educational path, and I am pleased to submit my letter of recommendation, which I personally knew for four months while she was working at Inner Peace.

During my engagement with Lidya, I witnessed an individual who works hard and carries herself in a pleasant, respectful manner. Lidya is also excellent at getting the most out of others while always having a good outlook.

Throughout the internship program, she was able to complete the responsibilities allotted to her by whom she has demonstrated her amazing capacity to handle her tasks and guide our new interns. She also provided new ideas that demonstrate her ability to think beyond the gate.

Lidya is a clever and reasonable young woman, and I wholeheartedly recommend her to your organization, where I am confident she would be a worthwhile addition.

If you have any questions, please contact me by phone or email.

Best regards,
